- Data Sufficiency
- Data Interpretation (Table, Bar Graphs, Pie Charts, etc.)
- Syllogisms or Deductions
- Quantitative Ability concepts like Time and Work, Profit and Loss

etc.,

### Verbal Ability:

- Reading Comprehension
- Error Correction and Detection
- Critical Reasoning or Theme Detection

We shall do a test analysis and discussion based on the test.

The students will also be initiated to our online resources that would help in their preparation.

## Training towards approaching aptitude tests.

Performing in Aptitude test papers involve more than knowing the test areas. Success (or a better score) here would depend a lot on the real time decisions that one takes during the actual test.

"Which all questions should I attempt?" or more importantly "Which all question are better left?"

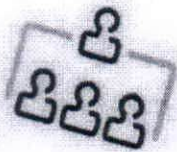

"What will be the cut off for this test?"

The above mentioned are some of the concerns that any test taker would have. In this training, we look at techniques and ways to improve the performance in aptitude tests and have a special focus on the Infosys pattern. In a nut shell we look at - "How to approach the aptitude test for better results?"

### Mock Tests and Benchmarking:

Whatever the students learn will be of no use if they are not able to apply their learning in an exam situation. During the proposed two day training program we shall administer two test papers in the Infosys pattern. This will give the students ample practice before the actual test.

Konfidence's competent resource personnel will offer the course

### Course Duration and Scheduling:

The batch of students will have 2 days of training.

Each day of training shall be of 5 % to 6 hours duration.

As per the present plan we shall have 1 batch (of 60 to 70 students) The program shall be scheduled as per mutual convenience.

**Course Fee:**

Our charges for the aptitude training programs are Rs 15,000 per batch per day. However, during our earlier discussions with the management, we had offered to do our programs at Jyothi Engineering college at Rs 14,000 per batch per day.

Thus the total course fee for the proposed program will be 1 batch \* 2 Days \* Rs 14,000 = Rs 28,000 (Rupees Twenty Eight Thousand only)

This will include the cost of course materials, test papers, test evaluation and reports.

**Payment Terms:**

Payments shall be made by Cheque / Online Transfer.

Payments are to be made in favour of Konfidence payable at Kochi.
